OFFICE OF THE DEAN

AREA CODE 212 LU 4-0700

30 April 1964

My dear Steinberg:

Your letter of April 27th and one from Professor D'Amato came in at the same time. They do not exactly agree. You say that Psychology will be vacating Room B-3 in MacCracken Hall; Professor D'Amato says that he will be vacating B-1. He tells me that "Professor Zimbardo still occupies one large room in the basement, which is still in use." I think this large room may be B-3.

I have talked with Dean Ragazzini, and we are agreed on the matter of space allocation to W.N.Y.U. You may proceed into B-1 as soon as it is vacated. B-3 you shall have as soon as it is available.

Perhaps you will want to talk to Professor D'Amato on timing, and if you want to speak to me further on the same problem, certainly you should come in.

Yours very truly,

J. W. Knedler, Jr.
Dean
